FREEMASONS

I've put together an (incomplete) page on Freemasons at this link.

Info from several sources. Freemasons are astonishingly sinister, and noted as collaborators with Jews. Most people have little awareness of secret societies! Well, of course, they are secret. There's been a slow move from specialist building skills, and entire countries; to local distributed small industries, and rail and road links, to modern bureaucracies and the secret group 'Common Purpose'. (Note the initials; Common Purpose = Communist Party).

Hillman exposed multiple errors in theoretical biochemistry, cell structures and nerves. These errors remain the official view; they span entire professions. Now (2012) videos of films made for biology students, professors, researchers and practitioners are online. These films probably survived only because of my intervention.

CANCER

Notes on part of a French site by 'Aixur', (computer translation).

Lorraine Day's errors, and naïve fundamentalism, on balance probably harmed her. But Dr Day was Jew-aware (modern Jews only!)

Looks at over-diagnosis of cancer, confusions including oedema, lymph system, misunderstood instruments, antibiotics, morphine, chemotherapy, radiation, dehydration, 'tests'. Bone cancer, breast cancer, throat cancer, leukaemia. And finance.

Dr Lorraine Day (R.I.P.) on Jews running medicine. 5-min video inc Fauci

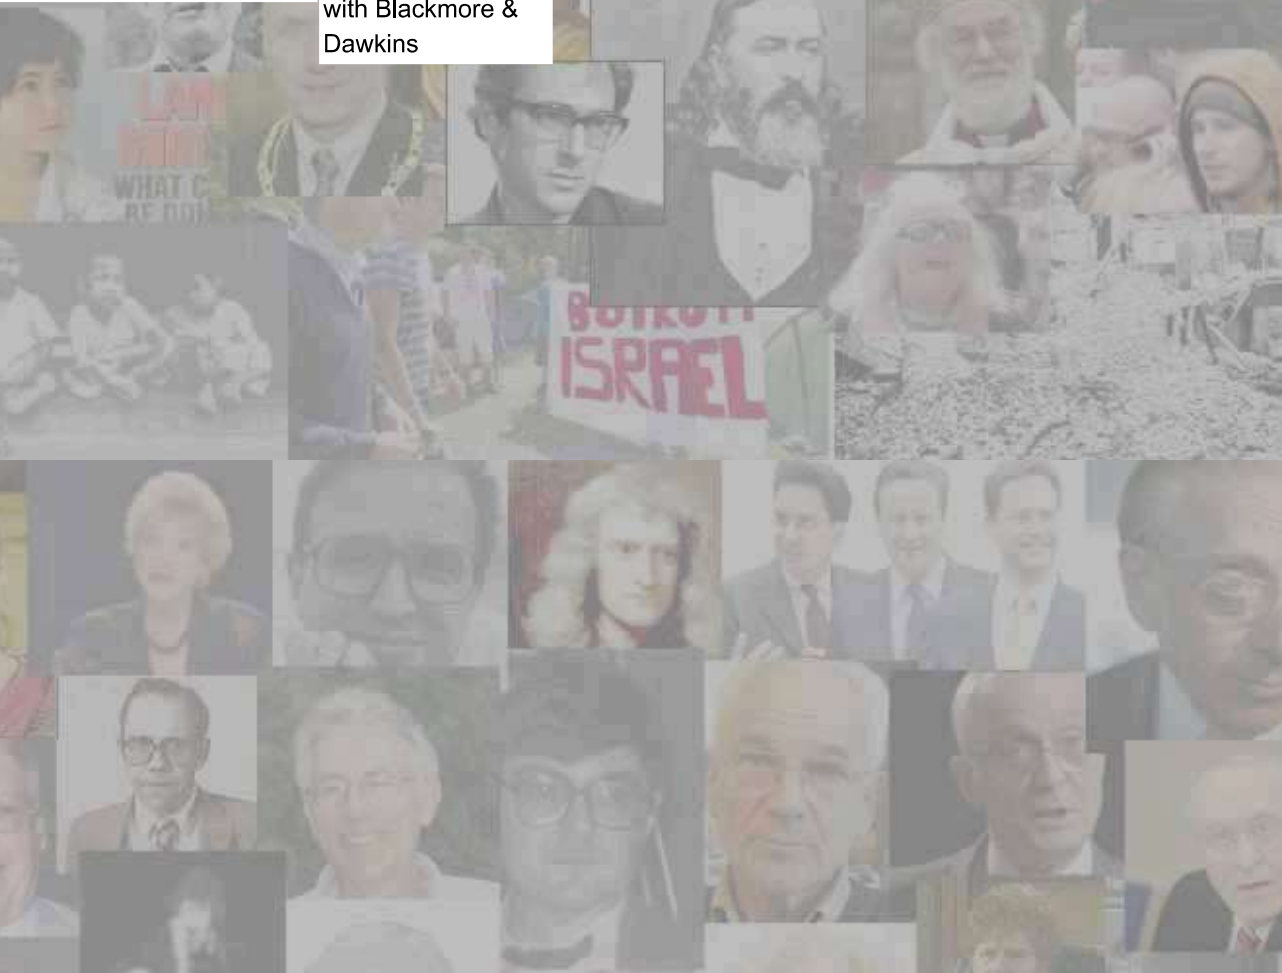

theory of cancer—but I don't know what it is!

Anon: The Medical Golem (2023). In French. Author(s) state: *At the beginning of the twentieth century, the poisoning medicine born of the theory of humours gave way to a false medical science based on the chemical industry, which has become the new world religion. Extreme specialisation and propaganda prevent us from understanding that the very basis of this supposedly modern medicine is riddled with contradictions and false theories.*

The BNP failed to clearly identify Jewish finance and propaganda and wars, & conflict with other peoples' interests. In short, it said nothing of the 'J economy' worldwide. And it quoted the 'controlled media', unable to identify deliberate lies.

So even if it had succeeded it is unlikely to have had benefit to Britons or the world.

Alison Chabloz Caroline Bannon My songs never killed anyone. I've never shot a kid in the spine, (so that he wouldn't be dead, but rather a burden on his family.) Nor have I ever bulldozed anyone's home, or demanded that an entire people vacate their ancestral homeland on the word of a biblical god.
